On our customer plattform [www.sim-ticket.de](http://www.sim-ticket.de) customers can assign an alias name to each modem. This alias name is shown on each invoice and on the Call Detail Records as well.

For each modem customers can define 2 alert-levels and assign two email-addresses and / or mobilphone numbers. As soon as the alert-levels (Amount in US\$ per billing period) are reached you will get a notification by email and / or SMS.

The Call Detail Records are imported every 2 hours. Suspending or deactivating a modem takes only about 15 minutes.
