IRIDIUM PREPAID SIM-CARD

Can be used with all kind of Iridium devices. Iridium devices can't be used with SIM cards from any other Service Providers.

CHECKING BALANCE

You can check the balance of your Iridium prepaid SIM card by simply dialling 2888, free of charge. A computer voice will inform you about the balance, it's a little bit difficult to understand:

You have nnn minutes left on this card. Your account will expire in nnn days. Good bye

Alternate you send a plain text message to **2888** and receive the recent balance as reply.

For Iridium GO! Prepaid

Alternate you send a text message to **+2888** with text body minimum 1 character and receive the recent balance as reply.

2-STAGE-DIALING

The Two-Stage Dialling Platform (PSTN originated dialling) was developed to allow callers the ability to call an Iridium subscriber. The calling party dials an Arizona USA number 001 480 768 2500. This connects the caller to Iridium's Two-Stage Dialling platform located in the Tempe, Arizona. Using automated voice prompts, the calling party enters the Iridium subscriber's phone number (8816.....). The system will identify the IRIDIUM subscriber and put the call through to the phone. If the customer is not available, through voice prompts the caller will have the option to leave either a numeric or voice mail message.

The voice prompts on this platform are in the English language only.

The calling party is charged long distance rates from their origination point to Iridium's Two-Stage Dialling Platform in the Tempe Gateway through their own LD carrier. The Iridium Customer is charged according to the fee below.

TARIFF PLANS

You can choose between six different kinds of tariff plans:

Tariff plan „World“

Tariff plan „Global“

Tariff plan „Middle East Africa“

Tariff plan „Northern Lights“

Tariff plan „Latin America“

Tariff plan „Iridium GO!“

Voucher of different tariff plans can't be uploaded at the same time to Iridium prepaid SIM.

TARIFF PLAN NORTHERN LIGHTS

A SIM activated in the tariff plan Northern Lights is only usable for outgoing calls originated from Canada and Alaska. Incoming calls are available worldwide. The given minutes are valid for calls from Alaska & Canada to USA and Canada. There are two vouchers at the tariff plan Northern Lights. By recharging one of these vouchers to an already in this tariff plan activated SIM the given minutes will be added to the remaining minutes, the expiry period is reset to the validity of the recharged voucher.

Unused minutes remain valid as long as the SIM does not expire, but minutes that were topped up more than 3 years ago will expire. The oldest credit is always used first.

The SIM card is permanently deactivated **270** days after expiry if not recharged. By recharging the SIM within the **270** days grace period the phone number, data number and PIN and PUK codes remain.

Vouchers for tariff plan Northern Lights

200 minutes, 6 months validity, 4,800 units

500 minutes, 12 months validity, 12,000 units
