MESSAGING

Messages could be sent via platform. Click the icon on the map. A small window is opening, showing date, time and position.

Click the Pulldown on the right to open the context menu. You'll find *Send Message*.

Alternative you'll find the pulldown at "Add asset".

Messages sent from the platform are delivered via free SMS. The incoming message on your satellite phone comes from p@m-cramer-tracking.de. You aren't able to Reply this message

directly, but by typing +31642500074 in the **To: field**. For better use create a recipient under contacts and add this contact in the **To: field**.

Free text messages are sent to +31642500074 or saved as recipient in Contacts. These messages will be delivered to m-cramer platform and are shown under Messages/**Incoming**.

HOW TO EMBED THE TRACKING PLATFORM IN YOUR WEBSITE

In order to embed the tracking platform a Pro account is mandatory. Here you have the possibility to create an anonymous read-only user, which do not need to type in login data. An exactly description of how to embed you can find here:
